#### THE PRUSSIAN NATIONAL ANTHEM.

I Am a Prossian.

("Joh Bin' Ein Preuse,") I am a Prussian I see my colors gleaming—
The black-white standard floats before me free;
For Freedom's rights my father a heart-blood streaming.
Such, mark ye, seem the black and white to me!
Shall I then prove a coward I Till or he to the toward!
Though day be dutt, though sen shine bright on me,
I am a Prussian, will a Prussian be!

Before the throne with love and faith I'm bending.
Whence, mildly good, I hear a parent's tone:
With filial heart, obsdient ear I'm lending.
The father 'gusts'—the son defer is the throne!
Affection's ties are stronger—live. O my country, longer
The King's high call o'erferes my brass as free.
I am a Prussian, will a Prussian be!

Not every day hath surmy light of glory:
A cloud, a shower, sometimes dulls the less
Let none believe my face can tell the story.
That every wish unfruitful is to me.
How nonry for and nearer, would think exchange much dearer? dearer?
Their freedom's naught—how then compare with me?
I am a Prussian, will a Prussian be!

And if the angry elements exploding.

The lightnings flash, the thunders lunder roar,
Hath not the world off witnessed such for beding?

No Prussian's course can be tested more.

Should rock and oak be riven, to terror I'm not driven;
Be storm and did, let flashes gleam so free—
I am a Prussian, will a Prussian be!

Where leve and faith so round the monarch cluster,
Where prince and people so clasp firm their hands.
The there alone true happiness can master,
Thus showing clear how firm the nation's bands.
Again confirm the featity! the honest, noble leatity!
Be strong the bond, strike hands, dear hearts, with

Is not this Prussia? Let'us Prussians be !

The finded cheek, the pale and wan features, the dull eye, the clouded intellect, the deep heaving eigh, the feeble and emanifed frame, the dejected brow, the tottering smit, all indicate previous transgression of law, knowing that "procrastination is the thief of time," all intelligent beings apply for some remedy as soon as circumstances permitt while those who do not act upon the principle that "delays are dangerous," senerally linger, loss me to fouc and pay more sense.

Thousands of mothers and daughters, in all stations and conditions of life, are suffering, lingering and conditions of life, are suffering, lingering and the effects of some dreaded and conditions of the same dreaded and conditions. egitimately result as panalties for violations of natura

### Female Complaint,

That claims its victims thoughout the length and breadth of our land.

Many females suffer in some way at each monthly period; some girls are in great peril at the commencement of menstruation, while older ones dread its decline at the "turn of life." Sometimes the menstrual flow is too much, or too hittle, or may be attended with pain; may be irregular or entirely checked, or changed in appearance, attended with other distressing symptoms. Leaverthea, or the "Whites," frequently drains the system, or ulceration of the womb may create pain and cause rapid prestration.

Falling of the womb is an exceedingly common complaint, giving much trouble and distress, which, under critinary treatment, is difficult to cure.

Hysteries, tireen Sickness, Irritability of the Womb, and other serious and fland complaints follow the female sex throughout life. Lives there a medical gentleman who has or can relieve the fair sex of the above troubles? Not many. Is there me combination of remedial agents that will come to her rescue? We answer, Yes.

### English Female Bitters,

The only a knowledged Uterine Tonic and Female Regulator known, will cure all those complaints above mentioned in an incredibly short time. The Bitters at once arouses, strengthens and restores the womb to its natural condition, removing obstructions, relieving pain and regulating the monthly period. Yonder stands a pale, feeble and languid girl, just bursting into womanhood; she is the pride of all, but hark! she silently steals a pickle, cats chalk, or a slate pencil; no appetite for food; she turns with a dull eye and seeks solitude; her eye no longer sparkles, her merry laugh is no longer heard ringing through the air; she mopes about with bloodless lips and gums, with headache, palpitation, constipation, swimming of the head, cold feet and hands, melancholy; she has a coated tongue, offensive broath, and a host of other evils too numerous to mention.

to mention.

When neglected all these symptoms become agaravated, there is sick stomach, heartburn, a dark line settles under the eyes, the legs and ankles are swollen, the nair loses its gloss and falls off, there is brittleness and splitting of the finger-nalls, swollen abdomen, extreme nervousness, freffulness, pains and aches, dry cough, hysterical fits, rapid prestration, cyllepsy and death! If you, or any of your friends, are thus afflicted, send at once for a Bottle of English Female Bitters and be cured. Its effects are magical in such complaints. Surely no mother will postpone and delay this duty until

### Death is at the Door.

In all these complaints the system evidently shows a want of red blood, and Mr. Churchill, in his work on Diseases of Females, says: "Bearing in mind that the blood is remarkably deficient in red corpuseles, and the known property of troa to correct this condition, theory suggests it as the most to be relied on, the best of which is the Citrate." Citrate of Iron enters largely into the composition of English Female Bitters, combined with powerful vegetable tonics of rare qualities.

Among the mountains of Tennessee and the piney woods of Mississippi, is found a certain hard and flinty root, which has been in secret use by some old midwives for many years, possessing magic powers in regulating and restoring all females suffering with any affection of the womb. This root we have obtained, gave it a fair test in our practice, and it is now one of the principle instredients in these Bitters. Other powerful uterino and general tonics also enter into its composition. We also add Leptandra or Black root, sufficient to act upon the liver and keep the bowels open.

### **Blooming Young Girls.**

Middle-aged matrons, those at the critical period, and the aged grandmether, are all cured by the use of our English Female Bitters, now prescribed and used by physicians all over the country.

It you are troubled with Falling of the Womb, attended with a sense of weight and bearing down pain in the back and side, and other attendant evils, English Female Bitters will give entire relief.

Those at the "turn of life," mothers after confinement, and all others made or female) who are convalescents from any protracted or debilitating complaint, who gain strength slowly, and whose digestion is slow and imperfect, will find these Bitters the very thing their system demands. It gives a powerful appetite, aids and assists digestion, arones the liver, strengthens mentally and physically, and fills the whole system with pure crimson blood coursing through its channels.

### **Common Grogshop Bitters**

Empty bitter bottles, of various styles, can be found around almost every dwelling and cabin throughout the land. Their taste is pleasant, and are advertised to cure almost every disease, while the manufacturers know they possess no medicinal properties whatever. They are so many disguises for exceedingly common becomes, which do not, nor cannot, possibly cure any one.

becomes, which do not, nor cannot, possibly cure any one.

Beware of these pleasant bitters in quart bottles; they contain a sting for your vitals, and he who buys them carries a 'toper's' grog into he house. One man who knows nothing about medicine, says his big bottles of common stuff will cure chills and fever, rhoumatism and consumptions another, whose bottle is very fancy, cures all impurities of the blood, makes old men young, casts out devils, restores sight to the blind, and namerous other miracles; while yet another, who presumes every man a drunkart, proposes to care colle, ingrowing mails, vellow fever, heart disease and love-sick maidens! We know they make no such cures we know the people at large are deceived and swindled, and as we desire to ventilate these common humbugs, make the following challenge to one and all:

### One Hundred Dollars

That one tablespoonful of ENGLISH FEMALE BIT-TERS contains as much medicinal properties as one bottle of any of the pleasantly tasted, common adver-tised bitters of the day! The medical profession to decade the greation. Be it understood that the English Pemale Hitters is not a beverage, but is a powerful Iron and Vegetable Tonic combined, carring long stand-ing chronic female complaints in every direction. Put up in large bottles at \$1.50 per bottle, or six hot-tles for \$3.50, and sold by druggists and mer chants eve-rywhere.
